

COVID-19 Business Impact Statement

05-August-2020

To our valued customers

As the spread of COVID-19 continues to impact the global community, Intelligent Systems want to assure you that we remain fully committed to supporting our customers, whilst ensuring the health and safety of all our employees is our top priority.

We continue to monitor the information issued by the World Health Organisation, Australian Government, Victorian Government and Worksafe. We have reviewed our workplace practices and enacted policies that comply with the Victorian Government directives to protect others and to stop the spread through the practise of good hygiene and social distancing.

We would like to assure our valued customers that we are taking precaution and wearing the correct face protection when onsite or in our workshop. We endeavour to continue our business activities as normal as possible during these difficult times.

We will continue to assess this unprecedented situation and update our company policies as the situation evolves.

If you have any enquiries, please contact us by email at michael@intelligentsystem.com.au or by telephone.

We wish all of our staff, customers and suppliers all the best and remain safe and healthy.

Michael Lucas

Managing Director
